

## From the Heart

I don't go to movies and now  
there's that cowboy-queer thing.

Hollywood'll be happy when we  
all turn into faggots. News-

papers and the TV, they're Jew  
Communists. That's the short

and sweet. And when it's not  
that, it's smut. Keep all that

wiggling in the bedroom, where  
it's your own business. With-

out Fox and Rush, a few others,  
couldn't find out nothing. Bible

is fine if you don't listen  
to half the preachers who  
are fruits or worse.

And the Blackies just want their  
revolution, starring whites as

waiters. "Boy, bring me a gin!"  
That'll be the fuckin day!

Anybody can come for me anytime.  
Let's see how they talk that shit  
with their heads blown off!
